Higher Secondary Schooling(H.S.C)	St.Xaviers High School-Surat	73.38 % [2020]
Secondary Schooling(S.S.C)	St.Xaviers High School-Surat	83.83 % [2018]

PROJECTS

- **Weather API** : The project is built on an application programming interface (API) that enables users to retrieve accurate and up-to-date weather data for any given city accompanied by visually appealing weather icons.
- **Portfolio Website** : This project adopts HTML, CSS and JavaScript to provide a visually engaging and user-friendly platform that describes about me and highlights my expertise in various areas, such as design, development and competitive programming.
- **E-commerce Website** : My e-commerce website project, built with Node.js, Express.js and MongoDB, is a feature-rich platform that combines seamless user authentication with advanced security using JSON Web Tokens (JWT). Users can create accounts, securely log in, and manage their personal profiles with ease.
